## Levelling agent

### RF-7516

#### Features and advantages:

RF-7516 leveling agent has outstanding wettability to substrate, fast leveling speed, excellent anti-shrinkage hole function, and does not affect recoating. Used in epoxy system, it has a very good effect on oil resistance and anti-float color of epoxy.

#### Product Specifications:

appearance	Yellowish transparent viscous
Active matter	100%
solvent	There is no
Make up	Alkyl benzene modified

**Applications:** solvent-based coatings, light curing coatings

**Recommended dosage:** 0.01-1% of the total formula (please test the most appropriate dosage before use)

**Usage:** It can be added at any time in the production process, please test before use.

**Packing:** 25KG blue drum not recycled.

**Storage and precautions:** Keep away from heat source and light source and keep away from light
